

NOW
Two New Concepts in Insulation
and
Sound Control Efficiency

- A NEW CONCEPT in insulation efficiency. Now a product that insures against heat and sound loss caused by sagging insulation.

#300N — Insul-Hold Arrows 3", #500-N 5"
Can be applied either with an All-Purpose Adhesive such as Miracle Adhesive HT-4620 or shots and pins.

Standard Individual Arrow 3"

SAFE & EFFICIENT

- Arrow stays within insulation fiber to avoid conduction as double pronged arrow provides adequate holding power without washer in most applications
- Arrow Contoured for additional strength
- Avoid hazardous protruding stickpins (bend arrow out only when applying insulation)

#300W - Self-locking Washers

Available for special ceiling and rigid insulation applications.

- Washer not required in most applications
